

Welcome to AWS re/Start

Welcome!

This module will present the following topics:

- Program goal
- Program approach
- Program requirements
- Topic coverage
- Tips to maximize your experience
- Introductions

Program goal

This program focuses on preparing every individual for entry-level IT career opportunities through building knowledge, skills, and practical application of cloud-based technical skills.

Program approach

The approach is interactive and includes the following:

- Instructor-led discussions
- Application activities
- Hands-on labs
- Professional skills practice
- Assessments

Program requirements

- This course requires the following:
 - Access to a computer
 - Committed, regular participation
- This course provides various materials, including the following:
 - Student guides that include slides and notes that are discussed during class time
 - Activity templates that will build a portfolio of work as you complete them

Topic coverage

Cloud foundations

- Introduction to cloud components
 - Terminology
 - Compute
 - Storage
 - Networking
 - Security
 - Database
- Introduction to programming
 - Python basics
 - Linux scripting basics

AWS core services

- Global infrastructure
- Cloud components mapped to AWS services
- Operation on AWS
- Automation on AWS
- AWS management and governance

Professional skills

- Communication skills
- Goal setting
- Technical thought process
- Teamwork and collaboration
- Interview preparation
- Digital presence

Maximizing the experience

- AWS re/Start provides learning opportunities in various ways:
 - Instructor presentations
 - Class discussions
 - Peer discussions
 - Hands-on technical practice
 - Professional skills practice
- Take advantage of the opportunities:
 - Ask your instructor and peers questions to deepen your understanding.
 - Reflect on what you hear and learn to reinforce your knowledge and skills.
 - Acknowledge that everyone will struggle with different topics along this journey. Don't be embarrassed to ask questions or ask for help.

Introductions

- As a class, you'll spend the next 12 weeks together. You'll now get to know each other better.
- Share the following information with the class:
 - Your name
 - Where you are from
 - One interesting fact about you
 - Your expectations for this program

Thank you
