Cloud Roles

Techno Functional Soft Skills

What you will learn

At the core of the lesson

You will learn how to do the following:

- Understand various cloud roles and their requirements.
- Determine roles that might be of interest to you.
- Present your search results.

Key terms

- Soft skills – Nontechnical skills that a person uses to work well with others. These skills include communication skills, people skills, and social skills.

aws re/start

Cloud roles: Individual activity

Become aware of cloud roles and their requirements.

- Individual activity
- Time: 10 minutes

aws re/start

Cloud roles: Partner activity

Research a cloud role to develop a deeper understanding

- Partner activity
- Time: 20 minutes
- *Questions:* For your assigned cloud role, research the role to understand its requirements and expectations. For more information about answers to these questions, see O*NET Online:
  - What are the technology skills required for the role?
  - What are the abilities required for the role?
  - What are the skills required for the role?
- Prepare a 5-minute presentation that addresses the following topics:
  - Describe the role, its technical requirements, and its nontechnical requirements.
  - What do you think of the role?
  - Which skills do you need to learn to achieve that role?
  - Do you think that the role requires a college education?
  - Which other activities or tasks do you think that you should do to achieve the role?

aws re/start

For more information about answers to these questions, see O*NET Online at https://www.onetonline.org/.

Cloud roles: Presentation activity

Present your findings

- Presentations
- Time: 50 minutes
- *Question*: Listen to the presentations. Which roles are the most interesting for you?

aws re/start

Cloud roles: What interests you?

Discuss your preferences

- Discussion.
- Time: 10 minutes.
- Identify the cloud role that is the most interesting for you.
- Form groups based on preferred roles.
- *Questions*:
    - What is interesting about the role that you selected?
    - Which learning goals will you need to set to prepare for it?
